SECRET INVASION HOME INVASION

WHO DO YOU TRUST?

Kinsey Walden was your typical high school senior. But Kinsey's world begins to fall apart when she discovers her brother Hank is a shape-shifting monster! With her parents out of town, Kinsey runs to her best friend Ali for help. But any illusions that this is the brother she thought she knew are shattered when Hank brutally attacks Ali's mom with a strange blast of energy, possibly killing her.

The girls crash the prom—which only hours ago was the most important thing in the world to them—and grab Kinsey's sort-of boyfriend, Ethan. With Hank in close pursuit, the three teens drive recklessly through the city, until Kinsey is forced to fire a strange weapon she took from Hank, earlier. The blast stops Hank, but also knocks Kinsey and everyone around her unconscious.

When Kinsey comes to, she discovers that not only have her friends vanished, but a giant spaceship hovers menacingly in the Manhattan skyline. The secret is out and the invasion has begun...
